

TOLEDO AREA REGIONAL TRANSIT AUTHORITY

RESOLUTION NO. 30-23

AUTHORIZING A CHANGE ORDER TO THE FIRE SAFETY SYSTEM REPLACEMENT PROJECT  
CONTRACT TO ALLOW REPLACEMENT OF THE EMERGENCY PUMP

WHEREAS, TARTA awarded a contract to Johnson Controls, Inc. to replace the alarm components connected to the Central Campus fire safety system; and

WHEREAS, that project is nearing completion; and

WHEREAS, a recent test determined that the emergency pump connected to the fire safety system was not performing up to NFPA / City of Toledo standard for these devices; and

WHEREAS, the pump is over 50 years old and no parts are available to repair it any longer so a new unit must be installed to bring the fire safety system into full compliance with NFPA / City of Toledo standards.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE TOLEDO AREA REGIONAL TRANSIT AUTHORITY, OHIO:

SECTION 1. Johnson Controls, Inc. has provided TARTA with the lowest quote for a replacement emergency pump unit at One hundred fifty-three thousand, seven hundred dollars (\$153,700.00).

SECTION 2. The TARTA Finance department has grant funds available to facilitate this change order.

SECTION 3. The TARTA Board of Trustees hereby authorizes the Chief Executive Officer to amend Johnson Controls, Inc.'s contract in the amount of One hundred fifty-three thousand, seven hundred dollars (\$153,700.00) and execute an additional purchase order in that amount to fund replacement of the Central Campus emergency fire safety pump.
