

# EZfare App

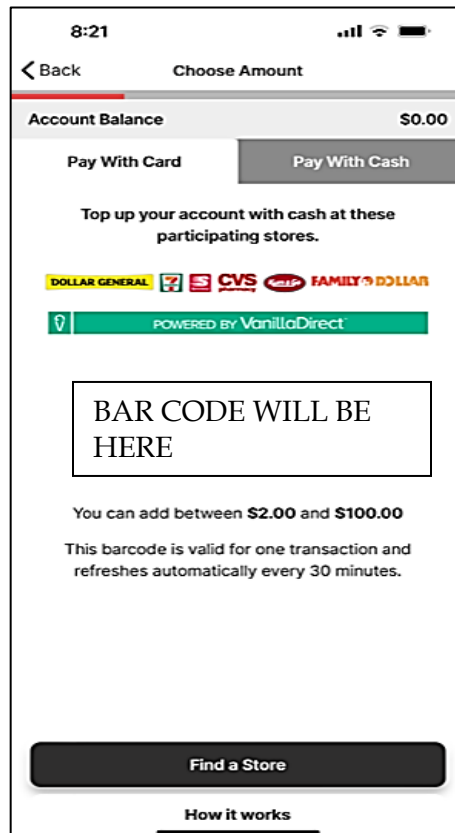

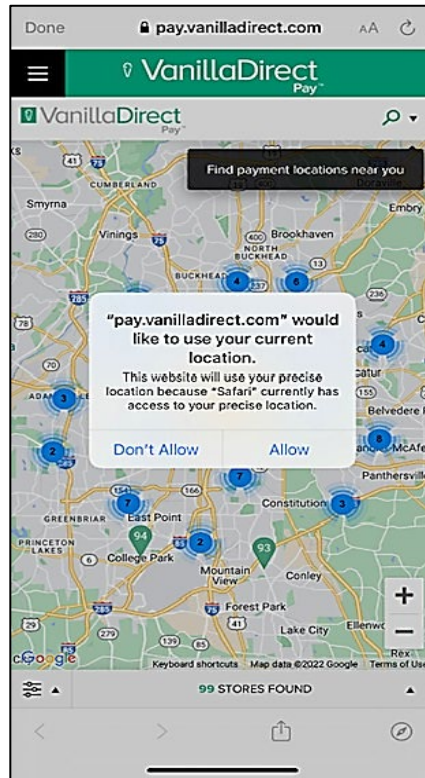

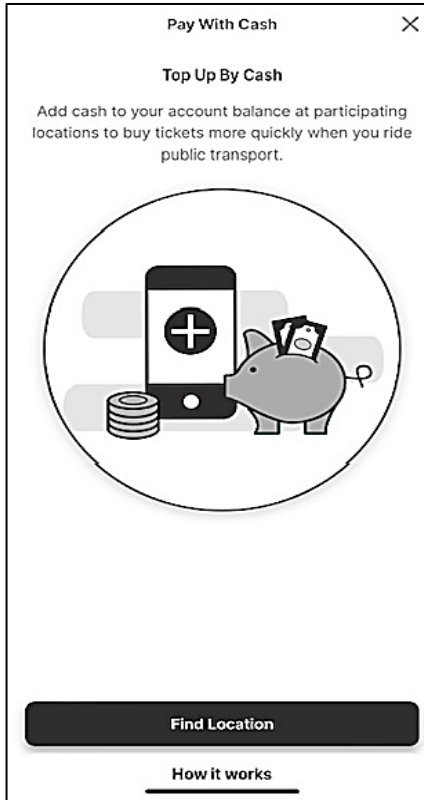

Download and open App - Add funds if needed by clicking into Account Balance/Add Funds (these screenshots are from the first use of the app, before any funds were added)

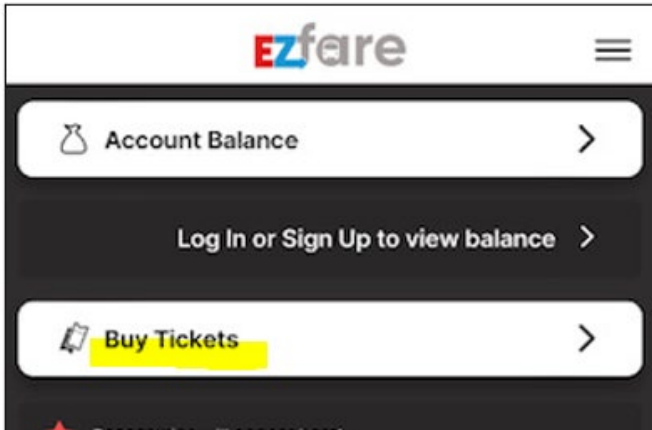

To Add Funds, you are given the option to do so with a credit/debit card or cash.

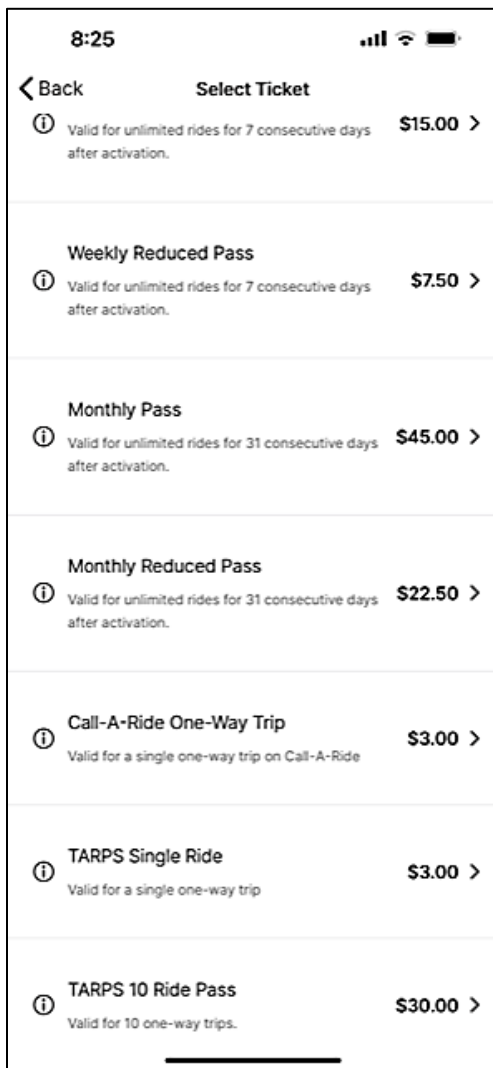

If you choose the Cash Option, the app will guide you where to find locations to add funds

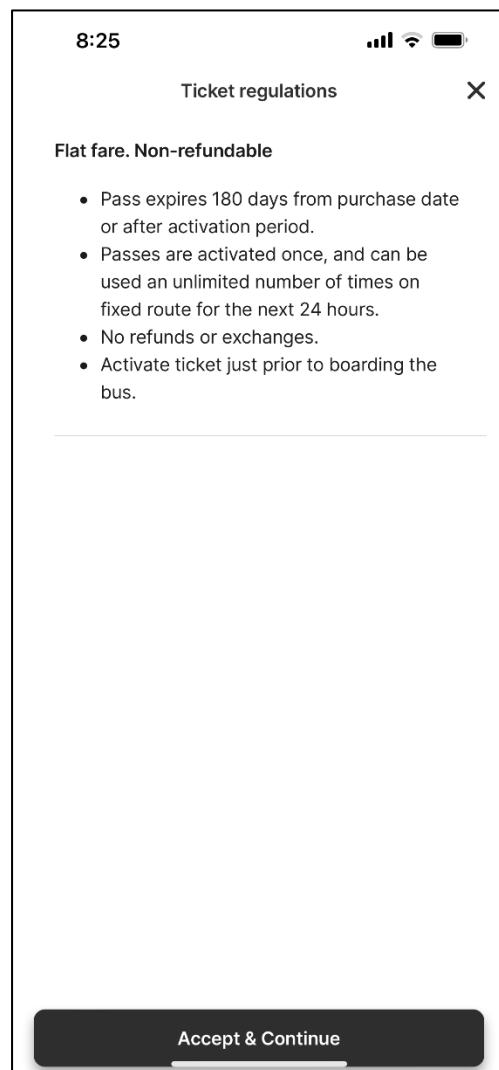

To Buy Tickets, go to the main menu on the app

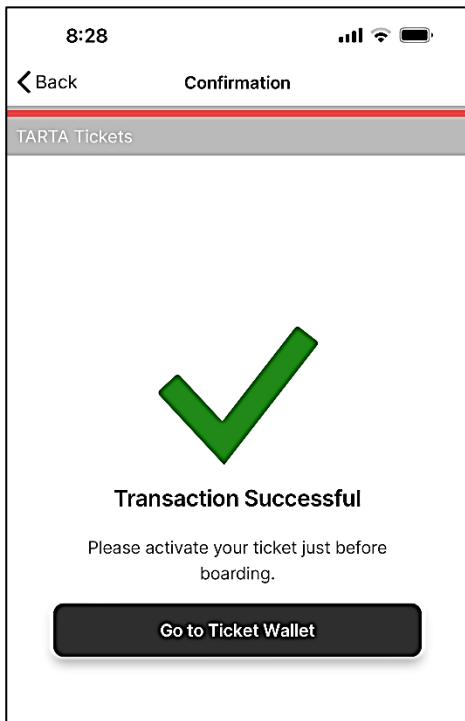

Pick the pass/ticket you want to purchase

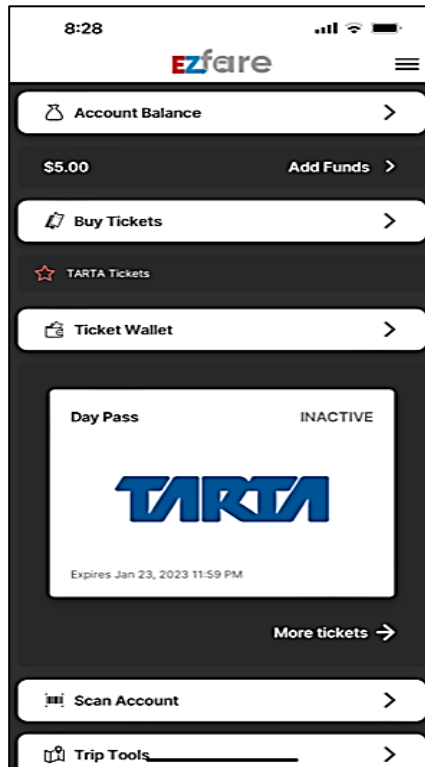

You'll be asked to accept the following

Finish your transaction!

View your ticket wallet

Once you are ready to use your pass/ticket for the first time, click on the image from your app and click the green "Activate Ticket" button
